DHSEM Classes PreparingNewMexico

Because of the COVID 19 outbreak in New Mexico, many trainings were cancelled or postponed into October 2020 or later. During that time we looked at delivery options including: 100% virtual deliveries, and hybrid deliveries. Starting July we started offering ICS 300 and ICS 400 virtually.

There is still a backlog of cancelled classes including ICS 300, and Emergency Management Academy series and they are our priority to provide. We are also in communication with our training partners; including the National Domestic Preparedness Consortium, (NDPC) , and EMI. Many of these programs have started virtual training or expanded their virtual program.

The following pages provide the most current information on the various training partners and on-line training options.

For the time local jurisdictions that require ICS 300 and ICS 400 as part of a training academy or officer promotion requirement and have in-house qualified instructors may choose to deliver instructor led courses provided that they develop a COVID-19 safety mitigation plan that would include health and safety precautions. The local jurisdiction would have the discretion to open the course to additional local students that would not require travel from outside of the area. DHSEM Training will support these courses in an administrative and advisory role.

As more information becomes available we will post on PreparingNewMexico.org

News from the Training and Exercise Unit

The Training and Exercise Unit is working to provide select course virtually

Currently available, keep checking for additional offerings

ICS 300: Intermediate ICS Virtual: Course description and scheduled classes
ICS 400: Advanced ICS Virtual : Course description and scheduled classes
G-191: Emergency Operations Center/ ICS Interface: Course description and class date

Coming Soon:
G-2300: Intermediate Emergency Operations Center Functions
K-0146: HSEEP Homeland Security Exercise and Evaluation Program (HSEEP)
K-705 Fundamentals of Grants Management

COVID-19 Protocols for in Person Classes

Due to ongoing concern for COVID—19 there are requirements for in person classes. Each of the National Domestic Preparedness Consortium (NDPC) member is requiring certain procedures to be put in place for any class they provide. In addition DHSEM will follow guidance provided by NM DOH.

NM DOH COVID—19 Information

**Center for Domestic Preparedness (CDP)**

The Center for Domestic Preparedness (CDP) is embracing the changes necessary due to our nation’s need to respond and mitigate against the current COVID epidemic.

As part of those changes, the CDP is converting the campus lecture series typically presented to state, local, tribal and territorial responder students who are attending the facility from a face-to-face format to an internet delivery system. These are not full classes but are sections of existing courses or current event topics that can be taught in one to two-hour increments. They will change daily, or periodically, and will be updated with each delivery to maintain current event response needs.

**CDP Training Programs**

- Virtual Expeditionary Training: Support and Capacity Building for Disasters
  - Topic include Hazardous materials Response and Management Health Facility Emergency and Disaster Planning and Response, Managing Public Information, and Infectious Disease
- Podcast: Public Communication Concerns During Social Distancing
- YouTube:
  - Precautions and Controls for Coronavirus Disease 2019 (COVID-19)
  - Hospital Planning for Mass Casualty Incident Surges: Natural Disaster
- Learning/Online Training
  - AWR-358 dl Hazardous materials Awareness Distance Learning
  - WR-913-W Bicycle Crowd Control Teams
  - AWR-922-W Environmental Health Training in Emergency Response
- Virtual Instructor Led Training (VILT)
  - AWR-914-W Personal Protective Equipment Considerations for Infectious Agents
  - AWR-915-W Response Considerations During an Outbreak or Pandemic

The CDP continues to collaborate with other first-responder partners and agencies to help communities build and sustain capabilities. For information on these and other CDP training opportunities, go to [https://cdp.dhs.gov/find-training](https://cdp.dhs.gov/find-training) and click on the blue “View Virtual Classroom and Webinar Opportunities” button to get more information and the schedule.

---

**Center for Radiological / Nuclear Training (CTOS)**

CTOS continues to monitor the guidance of the CDC and state of Nevada as it relates to COVID-19. The safety, security, and well-being of our students and staff is our number one priority. To mitigate the spread of COVID-19, CTOS has suspended all face-to-face classes for the time being and will re-evaluate regularly. Our online courses are still available. We will continue to monitor the situation and students impacted will be contacted by CTOS Registrar's Office to reschedule suspended resident and mobile training, to the maximum extent possible. CTOS will continue to update any additional information.

---

**Energetic Materials Research & Testing Center (EMRTC)**

Due to the pandemic, New Mexico Tech has cancelled all IRTB and PRSBI resident courses held in Socorro, NM through December 2020. Their goal is to host the training starting in January 2021. Currently, they have January and February 2021 dates posted on their schedule and plan to have the remainder soon.

Participants with questions should contact respond@emrtc.nmt.edu.

NM DHSEM Training Newsletter: Summer 2020

National Domestic Preparedness Consortium (NDPC)

NCBRT eLearning offers new webinars and certificates
LSU NCBRT/ACE has developed a community Moodle site where users will be able to access all current and future online resources, including webinars and DHS-Certified courses. Certificates of Completion are available for all courses. More information about this free online training can be found on our eLearning page.

COVID-19 Roll Call Training
LSU NCBRT/ACE has developed a COVID-19 Roll Call Training for law enforcement that addresses officer safety during the COVID-19 outbreak. The training provides information on how officers can keep themselves safe before, during, and after contact with others in the course of their job. It also addresses steps officers can take at the end of a shift to go home safely. The package consists of an 18-minute training video and a job aid. To view this informative video, please register or log in to NCBRT eLearning.

Site Protection and COVID-19 Virtual Training Week To Be Held September 22-24 (See attached flyer for more dates and info)
LSU NCBRT/ACE is excited to announce its first-ever Site Protection and COVID-19 Virtual Training Week! We have been hard at work converting our direct delivery courses to online formats. During Sept. 22-24, LSU NCBRT/ACE subject matter experts will host three of our virtual classes at no cost to participants, and we invite responders from around the country to participate via Zoom.

AWR-324 Biological Awareness: COVID-19 (See attached flyer for more dates and info)
This course is designed to prepare participants to recognize a potential COVID-19 infection, to know how to protect themselves during response, and to identify outside factors, including information control and public messaging, which will require their attention.

More NCBRT classes coming check on PreparingNewMexico.org to see NM Virtual Offerings

TSX Engineering Extension Services (TEEX)
Due to the COVID-19 pandemic all National Emergency Response and Recovery Training Center (NERRTC) face-to-face classes have been cancelled through July 15, 2020. Our online courses are still available. We will continue to monitor the situation and work with our Federal sponsors to determine when it is safe to resume face-to-face class scheduling and deliveries.

Security and Emergency Response Training Center (SEPC)
The safety, security, and well-being of students and staff members is our number one priority. SERTC is suspending all residential and remote delivery courses scheduled through October 2,, 2020. SERTC.org

National Disaster Preparedness Training Center (NDPTC)

NIMS and APS Certifications

Incident Command System Classes
- National Incident Management System (NIMS)
  - IS-100 Introduction to the Incident Command System
  - IS-200 Basic Incident Command System for Initial Response
  - IS-700 An Introduction to the National Incident Management System
  - IS-800 National Response Framework, An Introduction
- ICS 300: Intermediate ICS Virtual
  - ICS 300 Sept. 22, 23, 24, & 25, 2020 Webinar
  - ICS 300 Oct. 20, 21, 22, & 23, 2020 Webinar
- ICS 400: Advanced ICS, Command & General Staff-Complex Incidents Virtual
  - ICS 400 Sept. 29, 30, & Oct. 1, 2020 Webinar
  - ICS 400 Oct. 27, 28, & 28, 2020 Webinar

Advanced Professional Series (APS) Elective Classes
- IS 271 Anticipating Hazardous Weather and Community Risk
- IS 703 NIMS Resource Management

Professional Development Series (PDS)
- IS-120.c An Introduction to Exercises (HSEEP Pre-requisite)
- IS 235.c Emergency Planning
- IS-240.b Leadership and Influence
- IS-241.b Decision Making and Problem Solving
- IS-242.b Effective Communication
- IS-244.b Developing and Managing Volunteers

Check out the full list of FEMA Independent Study Classes offered at Training.FEMA.gov

National Training and Education Division (NTED)

Emergency Management Institute (EMI)

The Federal Emergency Management Agency (FEMA) continues to monitor the guidance of the Centers for Disease Control and Prevention (CDC) as it relates to COVID-19. To mitigate the spread of COVID-19, the CDC is encouraging organizations to promote social distancing, hold meetings via videoconferencing, reduce non-essential travel, and adjust or postpone events and gatherings. As such, FEMA resident courses will be suspended until further notice. We continue to evaluate the national situation and will provide another update in late June.

EMI is very excited to offer the first virtual delivery of K705 Fundamentals of Grants Management to the New Mexico Department of Homeland Security and Emergency Management. As with many things, they had to adapt to the changes required to responsibly deliver training in the COVID-19 environment. More information to follow.

K-146 HSEEP Homeland Security Exercise and Evaluation Program Course Sept. 21 – 24, 2020
This is an intermediate-level course designed to describe the core principles and processes of HSEEP, its standardized methodology, available resources, and practical skill development, which will assist in developing an HSEEP consistent exercise program. This course is part of the National Emergency Management Basic Academy.

Rural Domestic Preparedness Consortium (RDPC)

RDPC will have a select number of courses available for virtual delivery using Zoom for Government beginning June 1, 2020. See below a list of the available courses.

AWR 144-V Port and Vessel Security for Public Safety and Maritime Personnel-Virtual Instructor Led Delivery via Zoom
AWR 148-V Crisis Management for School-Based Incidents - Partnering Rural Law Enforcement, First Responders, and Local School Systems-Virtual Instructor Led Delivery via Zoom
AWR 232 Mass Fatalities Planning & Response for Rural Communities
MGT 381 Business Continuity Planning
MGT 416 Introduction to Continuity of Government Planning for Rural Jurisdictions
